Surf School

Surfing is one of the most exhilarating and natural experiences a sport could offer. It builds awareness and respect for the ocean and promotes a healthy lifestyle with a greater appreciation for your body. Nothing can compare to the adrenaline rush of paddling for the perfect wave, jumping to your feet and riding the water with pure energy! The McConnell Surf School is dedicated to teaching both kids and adults how to surf, the safety tools necessary when entering the ocean, and having the most fun! See what a difference professional coaching and the latest technology can make.
